Lưỡi cưa TCT - Panel Sizing

Đặc điểm:

- Dùng để cắt gỗ ván công nghiệp, ván MDF
- Sử dụng kết hợp lưỡi cưa tạo rãnh răng hình nón (dạng KON hoặc KON/WZ dựa theo yêu cầu của khách hàng) đảm bảo chất lượng mặt cắt tuyệt hảo.
- Thời gian sử dụng của mảnh Carbide lâu bền.
- Lưỡi cưa TCT Panel sizing được thiết kế theo đơn đặt hàng với các kích thước khác nhau

Characteristics:

- Specially designed for cutting chipboard-based materials and MDF
- In combination with conical scoring saw blade (KON or KON/WZ based on customer's request) for achieving of excellent cutting performance
- Extremely long life-time of carbide tips
- In some dimensions TCT Panel Sizing Blades are manufactured on request of our customer
